The orchestra you are hearing this afternoon is composed of young people of Peninsula communities from South San Francisco to Los Gatos. They are sponsored by the California Youth Symphony Association, a non-profit corporation formed by a number of Peninsula adults who believe that the appreciation of good music may be developed in all young people by giving them an opportunity to hear symphonic music played by musical students of their own ages.

Additional musicians are needed in all sections of the orchestra. Anyone who has achieved reasonable facility on his instrument may come to the rehearsals held each Saturday morning from 9:30 until noon at the Burlingame Recreation Center, 850 Burlingame Avenue, Burlingame. Visitors, both children and adults, are welcome at rehearsals.

Funds for music, the conductor's compensation, and other expenses are secured by dues of \$2.00 per month paid by parents of the orchestra players, who become Participating Members of the Association, and by contributions of donors who become Contributing or Sponsoring Members of the Association. For information call Martin J. Ness at DIamond 4-3237 or C. H. Woodhams, Jr., at DAvenport 2-3881.
